Code of Conduct

As a Charter standard club, part of our responsibilities is to make sure that all of our Coaches, players and parents/spectators alike follow a strict code of conduct. If this code is broken in any way then the committee will act accordingly.

We expect fair play at F.C Lakeside and expect everyone involved with the club to respect our code of conduct and everyone is expected to sign an agreement to say that you have read and understood what is expected of you.

Please read the following code.

Managers/Coaches code of conduct:

All managers have read and agreed to follow these rules.

- 1) The manager's first priority is to the players, it is his/her responsibility to care for his/her team. If any player should get injured you will follow the correct procedures that you have learnt when passing your level 1 coaching course.
- 2) It is the manager's responsibility to control themselves and have no confrontation with any players, opposition coaching staff, supporters or league officials. YOU lead by example.
- 3) All managers for home games should put out either Respect Barriers or cones for the supporters to stand behind, in accordance with FA guidelines.
- 4) Make sure that each player is wearing the correct kit, i.e. shirt, shorts, socks, shin pads, correct footwear, removal of any jewellery.
- 5) Do NOT make a child do anything that they do not want to do. Do NOT over work a child. You need to think of the child before the game.
- 6) It is essential that you encourage children whenever possible and you do NOT shout at them if they make a mistake. You are there to help the children in any way that you can and to encourage and support them.
- 7) F.C Lakeside do NOT condone any unacceptable behaviour from players and you must remind them of this whenever needed.
- 8) You need to give as much notice as possible if there are any cancellations or changes to training or match days.
- 9) You will report any problems during training or match days so that the Lakeside committee can take the necessary action; this applies to your players, league officials and any of the opposition players, coaches or supporters.
- 10) Unless you have your level 1 coaching badge in place you will not be able to run a league team at F.C. Lakeside.
- 11) The manager understands that all equipment and kit is the property of F.C. Lakeside.
All coaches will be interviewed by the Lakeside committee before coaching any F.C Lakeside team.
